COURSE REPETITION

Fourth Course Repetition

A student may repeat the same course for a fourth time, provided the student has:

1. Received three substandard grades for the same district course
2. Filed a petition specifying the course(s) to be repeated and stating the extenuating circumstances upon which the petition is based. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the control of the student.
3. The petition is approved by the local academic senate, or a representative acting on behalf of the academic senate, and by the college president or designee. Upon completing of the fourth repeat, the grade earned will not be used in the computation of the grade point average. All grades awarded will show on the student's permanent records to insure a true and complete academic history.

Course Repetition: Special Circumstances

Special Circumstance repetition requires proof of a recency requirement from this or any other college or university. This proof is to be attached to this petition form at the time of submittal.

SUBSTITUTE CREDIT

Substitution of Units within the LACCD

To substitute credit from another college within the Los Angeles Community College District a petition is NOT necessary. All that is required is that the student make a notation of having attended another college within the district on their graduation application.

Substitution of Units Outside of the LACCD

For a student to request substitute credit for courses taken outside of the district it is necessary for an official copy of the student's transcripts to be submitted via mail, directly from the previously attended institution to the Office of Admissions, BEFORE submitting their petition for substitute credit. Once the transcripts are on file the student may submit their petition with course descriptions from the previous institution attached.

Substitution of Units Outside of the United States

For a student to receive substitute credit for classes taken outside the district the student must have their transcript evaluated by foreign transcript evaluation firm and then submitted directly to the Office of Admissions. A list of accepted evaluation firms is available in the Office of Admissions.

REQUEST FOR MORE UNITS

Decision is at the discretion of the Registrar or designated official per board rules. Approval is not guaranteed and

CATALOG RIGHTS

Default Catalog Policy

A student's graduation application is evaluated with their default catalog; their default catalog is the catalog that was current during their first semester of attendance. If a student does not attend the college for a full school year, their default catalog will be the catalog that was current upon their return to the college
