

Welcome

Welcome to the Los Angeles Trade-Technical College Foster and Kinship Care Education Program. We are highly dedicated to meeting the educational needs of foster/kinship youth, foster parents, adoptive parents, relative care providers, non-relative extended-family care providers and legal guardians.

Our objective is to offer care providers motivating and resourceful events, seminars and workshops that better equip them to make a positive difference in the lives of our youth.

Our primary goal is to produce the 4 E's: Enlightened, Effective, Efficient Care Providers to serve as Positive Examples!

Sincerely,

*Dr. Dione Washington, FKCE Director
Jessica Guzman, FKCE Program Lead
Belen Romero, FKCE Volunteer Lead*
