FACULTY / COURSE SELF-ASSESSMENT

Course: _____ Semester: _____ # of students: _____

1. How many students earned each grade?

A _____ B _____ C _____ D _____ F _____ P _____ NC _____ I _____

2. In the Course Objectives/Goals column list the objectives/goals for the course. Indicate how many students met each course objective/goal by placing an X in each row for each Course Objective/Goal.

COURSE OBJECTIVES/GOALS	ALL	MOST	SOME	NONE

3. In your opinion, were the students adequately prepared in mathematics? (Yes/No/NA). If "No", what deficiencies did you identify?

4. In your opinion, were the students adequately prepared in English (speaking, writing, etc.)? (Yes/No/NA). If "No", what deficiencies did you identify?

5. In your opinion, were the students adequately prepared by other pre-requisite courses, if any? (Yes/No/NA). If "No", what deficiencies did you identify?

6. Refer to the grade distribution above (see item #1). Does the distribution adequately reflect your assessment of the number of and extent to which students met the course objectives? (Yes/No/NA). If “No”, what changes would you make to your teaching and/or grading methods?

7. If you were to teach the course again, what changes would you make? (Use additional pages if needed)
