A MESSAGE FROM THE PRESIDENT

Welcome to Los Angeles Trade-Technical College!

We are excited that you have selected our school to further your education. We are truly unique among community colleges in that more than 75% of our programs are in the career-technical disciplines. This gives you yet another option to enter the global workforce with a two-year degree or certificate. If your career pathway involves transferring to a four-year university, we also have the classes necessary to make that choice available to you.

This school is focused on students and their success. Look through the pages of this schedule and you will find a very robust list of course offerings, in addition to information about resources designed to help you succeed in your educational journey. Make sure you learn about Financial Aid, our EOPS program, counseling, Gain/CalWORKS, our tutoring centers and our Transfer Center. These offices will assist you in attaining your goals and will make your Trade Tech experience that much more worthwhile. As a student, please get involved with your college. It's important to join the Associated Student Organization, which every year, plans some tremendous cultural and entertainment events on campus.

One thing you will notice this semester, is that our construction program is in full swing. We have two new South Campus buildings, and we are renovating both the A-building and the library. These changes will continue to polish the image of our college, and will make us a true hub of lifelong learning for our community.

Again, welcome, and we look forward to making your educational dreams come true.

- For all short term, Summer session, and Winter Intersession classes, a refund is issued for classes that are dropped prior to a period of time equal to 10% of the total class time, must usually be dropped during the first week of class. Thereafter, no refund is authorized, except when college action to cancel or reschedule a class necessitates the drop.

- The date used for refund purposes is the date on which the drop is processed, regardless of when separation may have occurred.
- All non-resident refunds will be made by mail or credit card.
- All students please check for refund disclaimer in section on course repetition.

Campus Refund Procedure

1. Student must drop class by refund deadline.
2. In order to receive a refund, the **student must request the refund in the Business Office** (ST-109).
3. There shall be no refund disbursements before the first day of the semester unless the student withdraws from all colleges in the District.
4. The campus Business Office will make no refund disbursements during the first 2 weeks of the semester.
5. Students who have paid their fees by check shall get their refunds pending verification that their checks have cleared the bank.
6. Cash refund limit is \$100.00

If class material are provided, the student may be assessed those costs for materials. Payment and verification of material fees is to be completed at the college Bookstore or Business Office K-126.

Returned Check Fee

A \$10 fee is charged for any check returned by the bank unpaid. A hold is placed on the student's record until the financial obligation is settled.

Attention Students: Need help paying your fees?

Enrollment fees for all California community colleges are \$26 per unit.

Before you write out that check or charge your credit card, why not apply for financial aid? Did you know that:

- Many students are eligible to have their fees waived, but they don't apply.
- The eligibility criteria for fee waiver is more lenient than for Federal Financial Aid.
- If you are eligible for a fee waiver, you may request a refund of the enrollment fees you may have already paid.
- Other kinds of financial aid are available as well. Apply for financial aid in addition to the fee waiver by using the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov, or by paper application.
- By applying via the FAFSA, you will be considered for all of the financial aid programs your college participates in, including the fee waiver
- You have nothing to lose; it's a free application so don't delay, apply today!
- See center insert for full information.

TAKING THE ASSESSMENT TEST

In order to help students get the most out of their higher education, the college provides tests that assess a student's general educational background and skills in: Math, English, and English as a Second Language (ESL). The Matriculation Department is concerned that you successfully complete your course work at LATTTC by selecting courses that will meet your educational goals. These tests help students select courses that are realistic and compatible with their level of academic preparation and experience.

LATTTC offers computerized assessment testing. The student will receive a copy of their assessment results. You may take your assessment test results to the counselors who will make appropriate course recommendations.

When can I take the test?

The test is available on a walk-in basis in ST-303 any time after you have submitted a current application to Admissions & Records. Please bring your LATTTC/LACCD Student I.D. number.

Do I need to study for this test?

No. This is not a pass or fail test. However, it is important for a student to take the test to the best of their ability. This test affects the number of Math and English courses a student must complete in order to meet graduation/transfer requirements. If the student disagrees with scores, they have the right to challenge their test scores.

What do I need to bring with me?

Students need to bring a valid photo ID in order to take the test. There are NO EXCEPTIONS to this policy! The ID must be original, No photocopies. Examples of ID include a California Driver's License, California ID, a pass-port, high school picture ID, etc.

How long does the test take?

The test is self-paced. Most students finish in about 2 hours. Please arrive at least two (2) hours before closing time.

How long are the test scores valid?

Test scores are valid for 2 years. Retesting for General Placement of English/Math/ESL is only every two years. You may challenge your placement results.

What does it take to be exempt from taking the assessment test?

The student must meet one of the following criteria:

- Valid assessment scores from LATTTC or another college taken within the last 2 years.
- Completion of English or Math courses at any accredited college with a grade of "C" or better (transcripts required).
- AP English or Calculus Exam Scores of 3 or higher taken within the last 2 years.

Transcript, test scores, or a college diploma MUST be provided as proof for assessment test exemption to the Assessment Center.

The Assessment Center offers "Tests of Adult Basic Education (TABE) a diagnostic test. This test will measure the student's grade level in Language, Math, and Reading. This is not a pass/fail test. This is a timed test. Test is available through department referral. Please see the Assessment Center for further information.

PREREQUISITES, CO-REQUISITES & ADVISORIES: YOUR PATH TO ACADEMIC SUCCESS!

Prerequisites, Co-requisites and Advisories

What Do They All Mean?

Prerequisite is a condition that a student has to meet prior to enrolling in the class. Completion of the prerequisite demonstrates that you are ready and able to succeed in the course you want to take. A prerequisite is usually either another course, or a specific test score on a standardized test.

Co-requisite is a course that must be taken at the same time as the course you want to take.

Advisory or recommended preparation means that you are advised, but not required, to have taken the course(s) or met the test scores before enrolling in the class.

PLEASE CHECK YOUR CLASSES CAREFULLY:

Prerequisites are enforced!

Want to take a course with a pre-requisite? You can satisfy a prerequisite several ways:

1. Take the prerequisite course at Trade-Tech or another college in the District and achieve a grade of "C" or better, so that it shows on your official transcript;
2. Provide proof that you've successfully completed the requirement(s) at another college. You can bring transcripts or assessment scores from another school to the Matriculation Department and they will be reviewed. If your course is approved, you'll be given a clearance to register.
3. Take a test – known as a challenge exam – to show that you have the knowledge and skills necessary to successfully prepare you for the course you want to take;
4. If the course you want to take has an assessment test score as a prerequisite, you'll need to visit the Assessment Center and complete the required test. Your score will then be given to you, and the prerequisite(s) will be cleared once you receive a copy of your placement score(s).

If you have any questions or need more information, please contact the Matriculation Office at (213) 763-5339.

Challenging a Pre- or Co-requisite

If you want to challenge a prerequisite or co-requisite, i.e., you have not met the necessary prerequisite conditions but believe you should be allowed into the class anyway, you can challenge it if:

1. The prerequisite has not been made reasonably available;
2. The prerequisite is not valid because it is not necessary for success in the course you want to take;
3. The prerequisite is discriminatory or applied in a discriminatory manner;
4. You believe you have the knowledge or ability to succeed in the class without the prerequisite.

If you believe any of the above is true, you have the right to challenge the prerequisite or co-requisite. To obtain a Challenge Form, please visit the Matriculation Office or the Assessment Center and follow their directions.

ENROLLMENT INFORMATION

ADDING CLASSES

Only students who have been admitted to the College and are in approved active status may add open classes. Any applicable fees for increased UNITS will apply.

Adding Classes Prior to the Start of the Semester - enrolled students may add a class prior to the first day of the semester/session by completing an Add/Drop Permit during the in-person registration process, or by using the web enrollment system at www.lattc.edu.

During Late Add Period – students can add an open class (or classes) by presenting a signed Add Permit to the Admissions and Records office. The Add Card must be signed by the instructor of record or their designee and returned to Admissions and Records the same day it was issued. A signed copy must be presented to the instructor at the next class meeting.

After Late Add Period – there is no petition process for late adds after the deadline, however, students may add any open entry/open exit class without an Add/Drop Permit.

AUDITING CLASSES

Classes may be audited on a space available basis. There is a \$15 per unit non-refundable fee to audit a class; for more information, please see the "Fees at a Glance" section of this schedule.

CONCURRENT ENROLLMENT/CLASS CONFLICT

Students are not allowed to enroll in multiple sections of the same course during a single semester. Concurrent enrollment in cross-referenced courses is not permitted, nor is enrollment in classes scheduled or conducted during overlapping times. Students violating this regulation will be excluded from both classes and be denied course credit. They will also be subject to disciplinary action. Please see Standards of Student Conduct in the current catalog for more information.

CANCELLED CLASSES

Due to low enrollment, some classes listed in this schedule may be cancelled. If a class has been cancelled, you are eligible for a refund of any fees you have paid toward that course.

COURSE AND ACTIVITY REPETITION FOR ADDITIONAL CREDIT

Certain courses may be repeated for additional credit. These courses, marked "RPT" in the class section of the college catalog, allow the student an expanded educational experience each time the student enrolls in the course. Enrollment in these courses is limited in any activity to a maximum of three repeats for a total of four (4) enrollments, regardless of the repeatability of individual courses. The activity limitation also applies to courses which are not repeatable in themselves but for which similar activities exist. For example, there are several similar course titles in Art, Music, Theater, and Physical Education which are considered to be the same activity. A student may enroll four times in courses which are considered to be the same activity. Any combination may be used as long as 4 enrollments in one activity is not exceeded. Please consult the current catalog for more information.

COURSE REPETITION TO IMPROVE SUBSTANDARD GRADES

Students may petition to repeat courses in which substandard grades (less than "C," 2.0) were awarded. See Catalog for details on Course Repletions.

COURSE REPETITION UNDER SPECIAL CIRCUMSTANCES

Repetition of courses for which substandard work has not been recorded shall be permitted only upon advance petition of the student and with written permission of the College president or their designee. Please consult the current catalog for further information.

DROPPING/WITHDRAWING FROM CLASSES

Please see the inside front cover for dates to drop or withdraw from classes.

Please note: It is the student's responsibility to drop a class they are not attending. If the class is not dropped, the student may receive an "F" in the class.

NOTICE: If you are receiving Financial Aid, you may have to repay federal funds for classes you have dropped or withdrawn from. Be sure to check with the Financial Aid Office before you stop attending classes!

We also accept the International English Language Test Skills (IELTS) report and the Step Eiken in lieu of the TOEFL. Please contact us for all test cut scores.
5. Official transcripts and/or diplomas from secondary school and colleges attended – student must be a high school/secondary school graduate. If these documents are not in English, an official translation must also be submitted.

This document can be used by the student to obtain an F-1 Visa from a US Embassy in his/her home country. Students who are already in the country may use this new I-20 to change their visa status or to complete their transfer process from another educational institution.

TUITION

International student fees are approximately \$230 per unit, subject to change by the California legislature.

HEALTH INSURANCE

Health care in the United States can be costly without proper insurance coverage. Starting in the Fall 2007 semester, LATTCC International Students will be fully covered by Blue Cross. The cost for a 6-month period of coverage is \$438, which is subject to change. The \$438 will be included as part of your LATTCC fees every Fall and Spring Semester (no waivers). Please visit our office for a copy of your benefits.

FULL-TIME COURSE LOAD

Per U.S. Citizenship and Immigration Services (USCIS) regulations, all F-1 International Students must maintain a full-time course load during the Fall and Spring semesters – certain exceptions apply, please see your Designated School Official (DSO) for more information. A full-time course load is defined as a minimum of 12 UNITS. Dropping below 12 UNITS without PRIOR written permission from the DSO places your student status at risk. F-1 students are not required to attend the Winter and Summer Sessions but may do so if they wish.

CHANGE OF STATUS

Effective April 12, 2002, the Immigration and Naturalization Service has issued an Interim Rule which requires students with B Visas to change their visa status to an F-1 Non-immigrant Visa prior to pursuing a course of study at the college. Applicants may only enroll in classes after F-1 student status has been approved by USCIS. Also note that holders of H-1, H-2, or H-3 Visas may only engage in incidental studies per USCIS regulations. If you wish to pursue a degree, please apply for a change of status to an F-1 Student Visa. Call our office for more information.

PARKING PERMITS

Parking permit fees are \$20 during the Fall and Spring semesters. All students must still display a valid parking permit for that semester. Failure to do so will result in a parking citation. To obtain your parking permit, please visit the Business Office, ST-109, during normal business hours and be a currently enrolled student.

PARKING LOCATIONS

Parking is available in the LATTCC Olive Street Parking Structure located at 2001 S. Olive Street [Across the street from the "K" building; 1/2 block South of Washington Blvd, between Grand and Olive. Entrance on Olive Street.] Parking is also located at various contracted lots adjacent to the campus. Contracted parking is subject to change based on the College's construction schedule and availability. For current information, please check our website at lattc.edu, or contact the Sheriff's Department at 213/763-3600.

REGISTRATION BY PROXY

Applications for acceptance to the college cannot be completed and signed by any person other than the applicant. An original signature is required on the application and the applicant is responsible for the correctness. If a student requests registration by proxy, a signed, completed "PROXY REGISTRATION FORM" must be presented and surrendered (at the Admissions and Records Office, ST-Lobby) by the proxy at the time of class enrollment. This document will serve in-lieu of the student's signature normally on the Course Request Card. The student assumes all responsibility for the proxy's action during the enrollment process. Proxy Registration Forms are available upon request in the Admissions and Records Office, ST-Lobby. Registration by proxy does not release the student from the responsibilities for all college rules and regulations or the mandatory intake process of Assessment and Orientation.

STUDY LOAD

A maximum of 18½ UNITS may be carried without prior approval. If a load of 18½ UNITS or more is requested, a student must file an Academic petition in the Admissions Office, ST-Lobby. Forms are available in the counseling office. Student benefits such as Financial Aid (6 UNITS minimum – 1/2 benefit) and Veterans Educational Benefits are based on a minimum full time study load of 12 acceptable UNITS. Associated Student officers and participants in conference athletics must be enrolled in at least 12 UNITS.

Lower Division Major Requirements: In addition to the General Education pattern, students transferring to the CSU may complete Lower Division Major Requirements at LATIC. Visit the University Transfer Center, ST-203 or consult with a counselor for a list of these courses.

(Students must complete a minimum of 60 semester units of transferable credit unless they were eligible to be admitted as freshmen.)

2010-2011 UC/CSU – IGETC GENERAL EDUCATION CHECK SHEET

Student's Name:

(Please print) Last First Middle SSN (or student ID#)

The Intersegmental General Education Transfer Curriculum (IGETC) is a series of courses that community college students can use to satisfy lower division general education requirements at any CSU or UC campus. The IGETC provides an option to the California State University General Education Requirements. Students in high unit majors are encouraged to follow a particular UC campus' breadth requirements instead of the IGETC. See a counselor for additional information. **IMPORTANT:** The IGETC must be certified prior to transfer! If not certified, a student will be required to complete the four-year university's own general education/breadth requirements and additional lower-division coursework may be required. All courses must be completed with "C" grade or higher. (See your counselor for certification)

English as a Second Language Course Sequence

Trade-Tech offers a complete English as a Second Language package, all the way from ESL 1, for complete beginners, to ESL 8, which leads into English 101.

English learners can improve their skills in writing and grammar (the ESL "A" classes), reading and vocabulary (the "B" classes), and listening and speaking (the "C" classes).

The units from core ESL classes above level 2 not only apply towards the community college degree, but also earn transfer credit.

LATTC ON-LINE CLASSES

Fall 2010 Online Student Orientations to Moodle and Mahara:

Orientations will be given on:

- Tuesday, August 31 from 6 - 7:30 pm, Room - TE-501
- Tuesday, September 7 from 6 - 7:30 pm, Room - TE-501
- Saturday, September 11 from 9-11 am, Room - TE-501
- Sunday, September 19 from 9-11 am, Room - TE-501

Students who cannot attend orientation on campus can do video tutorials.

What do I need in order to take an online class?

You'll need:

1. Computer access where you can regularly connect to the internet, plus
2. Sufficient computer skills to send/receive email and navigate the World Wide Web, and
3. A valid and currently-used email address in the SIS plus ability to log into the SIS.

How do I register for an online class?

1. If you're already a LATTC student, just enroll in your online class as you would any other, or
2. If you're new to LATTC, you'll need to enroll in the college first. Please go to <http://www.lacolleges.net/admissions/> to enroll online. Once you're enrolled in the college, you can proceed to register for your online class

I've registered. Now what ?

1. Go to the LATTC Online Program home page at <http://moodle.lattc.edu>
2. Download the Online Student Guide for your semester and read it carefully
3. Be sure to check if your class requires a campus edition of a textbook to coordinate with your online class. If you purchase the textbook at another campus, the key may not work for your LATTC class.
4. Check the Technical Help link to on-line college bookstore <http://college.lattc.edu/bookstore> to get information on preparing your computer to take online classes. You'll need to be able to enable pop-ups and cookies on your computer in order for your online class to work.

Students who will be using the Moodle course management system should go to <http://moodle.lattc.edu> and follow the directions. Students who have a class using another course management system will need to either attend the scheduled class orientation or follow all directions on the class home page to set up the software.

Are there any special meetings, either on campus or online?

Each teacher has the right to request either on-campus or online meetings if they so desire. Some of the reasons they may choose to require these meetings is to ensure the student is who s/he claims to be and is the person actually doing the work and or tests. Or, teachers may require an on-campus meeting to provide materials or an orientation to help students get off to a great start.

Classes have already started. How do I get into an online class?

Send the instructor an email request to add the class. This email must come from the ID listed in the SIS. Include your name, student ID number, and the class name and section number in your email. Full directions and instructor email can be found on Moodle homepage "Adding a Closed Online Course" link.

What if I need additional information?

You can contact the Online-Program Coordinator, Linda Delzeit-McIntyre, at 213/763-3733, or email her at delzeit@lattc.edu.

STUDENT RESOLUTION PROCESS

From time to time there may be a situation where you and your instructor do not agree. To assist both of you in coming to a positive conclusion, Trade-Tech has developed an informal complaint resolution process. This process is purely optional and is not intended to replace the grievance process, however, students are urged to avail themselves of it whenever feasible.

A form is available to assist you at every level. Should you not be able to resolve a matter at one level, you are asked to bring the form with you to the next level. There are three forms: pink (Level I), green (Level II) and goldenrod (Level III). Forms are available in individual department offices, in the Academic Affairs Dean's Office (Student Services Building, 5th Floor, ST-519), and in the Compliance Office (LRC-257).

Following the informal students resolution process does not prevent you from filing an official Student Grievance through the LATTCC Compliance Officer, Dr. Letia Royal-Burnett. For more information, consult the college catalog under "Student Grievance Procedure", or visit the college website at LATTCC.edu and click on the "Compliance Office" link.

Level I (pink form)

The first step toward resolving a problem between a student and an instructor is for the two of you to meet. Most times talking it over will resolve the matter. However, if you are unable to resolve the problem between the two of you, please take a completed copy of this form to the Department Chair and discuss Step II proceedings

Level II (green form)

The second step toward resolving a problem between a student and an instructor is to schedule a meeting between the Department Chair, student and instructor. The Department Chair's role is to facilitate problem resolution by offering advice on College rules and regulations and clarifying individual responsibilities. To engage in Level II resolution, please take the pink Level I form, signed by both you and your instructor, to the Department Chair's office. A meeting will then be scheduled between you and your instructor.

Level III (goldenrod form)

The third step toward resolving a problem between a student and an instructor is to schedule a meeting with the Dean who supervises that department. To do this, you'll need to bring copies of both your Level I (pink) and Level II (green) student resolution forms with you.

COLLEGE & DISTRICT POLICIES

ACADEMIC/PROGRESS DISMISSAL

A student on academic/ progress probation shall be DISMISSED from the College if:

1. The cumulative GPA is less than 2.0 in all UNITS attempted in each of three consecutive semesters. Or
2. If the percentage of "W", "Inc", and "NC" grades are 50% or greater in each of three consecutive semesters.

Dismissal from one college in the Los Angeles Community College District shall disqualify a student from admission to any other college in the District.

APPEAL OF DISMISSAL

A student who is subject to dismissal may appeal to the College Dismissal Committee by submitting a Return From Disqualification Petition to the College Admissions Officer in ST-Lobby. Petitions are accepted during specified time periods each semester.

ADMISSION AND RESIDENT CLASSIFICATION OF NON-CITIZENS

BOARD RULE 8100.10 Admission and Residence Classification of Non-Citizens. It is the intention of the Los Angeles Community College District that no one be discriminated against in the admission and residence classification process on the basis of national origin. Further, it is the intention of the Board that subjective personal characteristics, such as appearance and speech, not be the basis for assumptions about national origin or immigration status. The Los Angeles Community College District shall admit all non-citizens who are able to benefit from instruction and who are not barred from enrollment under Federal and/or State law. Non-citizens shall be classified as resident or nonresident in accordance with applicable State and Federal laws, California Administrative Code Title 5, and District regulations. For all terms commencing on or after January 1, 2008, all nonresidents who enroll for six UNITS or fewer shall be exempt from the nonresident tuition fee.

DIVERSITY

The policy of the Los Angeles Community College District is to implement affirmatively, equal opportunity to all qualified employees and applicants for employment without regard to race, color, national origin, ancestry, religion, creed, sex, age, handicap, marital status, medical condition (cancer related), sexual orientation, or veteran status. Positive action will be taken to ensure that

this policy is followed in all personnel practices, including recruitment, hiring, placement, upgrading, transfer, demotion, treatment during employment, rate of pay or other forms of compensation, selection for training, layoff, or termination. A vigorous Affirmative Action Program will be maintained to ensure appropriate utilization of certain protected groups in specific areas and levels within the district workforce through the implementation of specific result-oriented procedures and activities (Board Rule 101301). Inquiries regarding Affirmative Action at Los Angeles Trade-Technical College should be directed to the College Diversity Representative, Dr. Letia Royal-Burnett, Compliance Office, (213) 763-7066.

ATTENDANCE

Only students who have been admitted to the college and are in approved active status may attend classes.

Students who pre-registered in a class and miss the first meeting may lose their right to a place in the class. Students should attend every meeting of all classes for which they register. To avoid being dropped from class, students should contact the instructor when they are absent for emergency reasons.

Students are responsible for dropping a class that they stop attending. If the class is not dropped, the student may receive an "F" in that class and be responsible for enrollment fee. Any drops or exclusions that occur between the end of the 4th week and the end of the 12th week will result in a "W" on the student's record which will be included in the determination of progress probation. Drops are not permitted beyond the end of the 12th week. An evaluative grade ("A", "B", "C", "D", "F", "CR", or "NC") will be assigned to students who are enrolled past the end of the 12th week even if they stop attending class, except in cases of extreme extenuating circumstances.

CONDUCT EXPECTED OF STUDENTS

Students enrolling in one of the Los Angeles Community Colleges may rightfully expect that the faculty and administrators will maintain an environment in which there is freedom to learn. This requires that there be appropriate conditions and opportunities in the classroom and on the campus. As members of the college community, students should be encouraged to develop the capacity for critical judgment; to engage in sustained and independent search for truth; and to exercise their rights to free inquiry and free speech in a responsible, nonviolent manner. Students shall respect and obey civil and criminal law, and shall be subject to legal penalties for violation of laws of the City, County, State, and Nation.

CLASSROOM CONDUCT

Instructors are responsible for presenting appropriate material in courses, and students are responsible for learning this material. Although it is a student's academic performance that is evaluated in determining grades, student conduct is important in the academic setting. Enrollment in a class may be terminated due to unsatisfactory student conduct, undue disrespect toward an instructor or administrator, or academic dishonesty. Each student is responsible for maintaining standards of academic performance established for each course in which he or she is enrolled.

BE ON TIME

Students are expected to attend and arrive on time for each class meeting. Class time is limited; students learn more and understand important concepts better if they always come on time for each class session.

RESPONSIBILITY TO BE INFORMED

It is the student's responsibility to read the information presented in this schedule and to know and observe all policies and procedures related to his/her program. Regulations will not be waived nor exceptions granted because a student pleads ignorance of policies, procedures, or deadlines.

PASS/NO PASS

Students may complete a request form to take a class on a Pass/No Pass basis through the sixth week of the semester. For Summer and Winter Semesters, through the second week. Courses, which students may elect to take on a Pass/No Pass basis, are listed in the college catalog. Request forms may be obtained at the Admissions Office, ST-Lobby.

The grade of P (pass) will be given if the performance in class is equal to a "C" grade or better.

The grade of NP (no pass) will be given if the performance in class is equal to a "D" or "FAIL" grade.

A student who has received credit for a course taken on Pass/No Pass basis may not convert this credit to a letter grade.

The Los Angeles Community College District, in compliance with Federal and State law, has established policies and procedures governing student records and the control of personally identifiable information. The Los Angeles Community College District recognizes that student records are a confidential matter between the individual student and the College. At the same time the District has a responsibility to fulfill public information needs (i.e., information about students participating in athletics, announcement of scholarships and awards, etc.). To meet this responsibility the District may release Directory Information unless the student states in writing that he or she does not want it released. The responsibility for carrying out these provisions is charged to the College Records Officer, designated by the chief administrative officer on each campus. The Records Officer may be contacted via the Office of Admissions. Copies of Federal and State laws and District policies and procedures are maintained by the Records Officer and are available for inspection and inquiry. No information may be given via telephone request.

All student records maintained by the various offices and departments of the College, other than those specifically exempted by law, are open to inspection by the student concerned. No student records, including Directory Information, will be released without the written consent of the student concerned except as authorized by law. Directory Information includes the student's name, city of residence, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. New Student Services Numbering System at LA Trade Tech

In order to better serve the needs of our students, as a campus, we are using a new queuing system designed to provide the most efficient service possible within the Student Services (ST) Building. We want all students to be familiar with the process, so it serves your needs.

- You **MUST** visit the Information desk first, located in the lobby of the ST-building to inquire if you will need a ticket number.
- If you need one-on-one service, you must secure a ticket (like the one pictured above) from the information desk. The numbers are different with each office, so the ticket guarantees you a place in line among those who need service from that office. Numbers are announced in the lobby over the speakers located inside and outside the ST-building. You may also check the selected screens inside and outside the ST-building to see if you have been called.
- It is best to wait outside until your number is called, then proceed to the proper office window for service. Please refer to your ticket for the proper office window. Please understand that numbers correspond to particular offices, so just because a higher number is called, it does not mean that the person jumped in front of you.

Thank you for your patience and cooperation as we strive to serve you more efficiently, and thank you for attending Los Angeles Trade-Technical College.

Student Parking Guidelines

You are responsible for knowing LATTTC parking rules and regulations. This handout is intended to provide students with basic guidelines on parking at the college. The complete text of the college's parking rules and regulations is printed in the College Catalog and may also be obtained from the Sheriff's Department, D-150, the Administrative Services Office, or the College Website: (www.latttc.ca.us.html/Parking-Info.htm).

- Student parking regulations are enforced from the first day of classes each semester through final examinations. A student parking permit is valid for the current semester only and must be displayed at all times a vehicle is parked on college property. Saturday and Sunday parking permit use is enforced in the same manner as weekdays.
- Parking permits are made of removable mylar and should be affixed to the **inside rear window, (lower right side, facing outward.)** Vehicles displaying a permit which is expired, altered, reported lost or stolen, or not completely visible are subject to a citation.
- A valid college parking permit and a DMV placard must be displayed on any vehicle parked in a designated handicapped stall. Students with a verified disability should go to the Disabled Students Program and Services Office, E-110, to arrange for an accommodation.
- Regulations governing handicapped parking, red curbs, no-parking zones, fire lanes, special permit areas, and areas that have parking time limitations are enforced 24 hours a day, including weekends and holidays. **Failure to display a parking permit or parking in an area not authorized for student parking, including metered spaces, will result in the issuance of a citation. Illegally parked vehicles may be towed away at owner's expense.**
- All traffic laws must be obeyed. Vehicles must be parked in stalls within the designated lines. The college speed limit is 7 miles per hour.
- **The purchase of a parking permit does not guarantee a parking space; it is only a license to park one vehicle with a Student Parking Permit for all time periods in any of the designated areas specified below:**
 - **Olive Street Parking Facility** – Entrance from Olive St., between Washington Blvd. and 21st St.
 - **Roof Lot (F-Bldg)** – Entrance from Flower St. (Southbound ONLY), between 22 St. and 23rd St.
 - **22nd Street Lots B** – Entrance from 22nd St., between Grand and Olive
 - **Orthopedic Hospital** – Entrance off 23rd St., at Hope Ave., between Grand Ave. and Flower St.

OVERFLOW PARKING: LATTTC makes every effort to provide adequate parking for all students, staff and visitors. However, since student parking becomes extremely impacted during the first three weeks of the Fall and Spring semesters, we have made arrangements with our neighbor and community partner, **The LA Mart, at 1933 S. Broadway**, to provide overflow parking for LATTTC students in their East lot. The lot is accessible from Broadway or Main just south of Washington Blvd., and will be available to students with a valid parking permit for the first three weeks of the Fall and Spring semesters ONLY.

- LATTTC assumes no responsibility or liability for your car or its contents while parked in the lots. However, since vibrations sometimes cause a false trigger of motion detectors, we ask that you be considerate of our neighbors in setting the volume level and sensitivity settings for any car alarm on your vehicle.
- Escort service is provided upon availability. Call the College Sheriff's Department and an officer will be dispatched to your location.

Inquiries regarding the college's parking permit program should be directed to the offices listed below during normal business hours. College Sheriff's Department personnel are, however, on duty 24 hours a day, seven days a week to assist with permit use and enforcement issues.

- **Parking Rules, Regulations, Permit Use and Enforcement:** College Sheriff's Department, D-150, (213) 763-3600. Individuals who believe a citation was issued to them in error must appeal it immediately by completing an Administrative Review form (available at the Sheriff's Department, D-150) or the LATTTC Sheriff's Department website under Parking Citations and Appeals). Appeals must be mailed to: Los Angeles Trade Technical College, c/o Parking Citation Service Center, P.O. Box 11923, Santa Ana, CA 92711. Failure to immediately pay or appeal a citation may result in substantial penalties and a Department of Motor Vehicle (DMV) hold on your vehicle registration.
- **Permit Sales, Refunds, and Exchanges:** Business Office, ST-113, (213) 763-7225.
- **Policy:** Administrative Services, ST-532, (213) 763-7040.

Please note: At the time of publication, current information was used. Construction demands will create changes and information will always be available at the College Sheriff's Office, D150, (213) 763-3600, 24 hours a day, 7 days per week. LATTC provides adequate parking for students, staff and visitors. However, since demand is high during the first three weeks of Fall and Spring semesters, overflow parking will be available in the East lot of the LA Mart at 1933 S. Broadway. These spaces are accessible from Broadway or Main Streets just south of Washington. The LA Mart East lot offers free parking to students with a valid college parking permit for the first three weeks of the Fall and Spring semesters only. Beginning with the fourth week, students must use other designated college lots.
