

FALL 2023

MEET YOUR NEW ASO BOARD!

Kenneth "Kenny" McDaniel

ASO PRESIDENT

My name is Kenneth McDaniel, and I will be your 2023 Student Body President. My current major is Plumbing, which I plan to obtain an associate degree in. Eventually, I aim to move on to entrepreneurship by owning a plumbing company, specifically A1 Plumbing.

I intend to do my part in encouraging all of you to smile more and understand that life is a marathon, not a sprint. Many of my core values were instilled in me from running track. For example, I learned never to compete with anyone else but to always run my own race. As long as you give it 100%, you should sleep well, knowing you gave it your all.

Let's engage in more meaningful conversations, as Tupac said, 'It takes skills to be real, trying to heal each other.' Let's stop all hate and only spread positivity and love. Let's plant seeds of encouragement wherever we go. Make sure to compliment someone today and give them encouragement because, as we all know, while on this marathon to success, we can all use some encouragement.

Mauricio Rodriguez

ASO VICE PRESIDENT

Greetings to all LatTC students, faculty, and families. It's a pleasure to be appointed as your Associated Student Organization (ASO) Vice President. My name is Mauricio Rodriguez, and I am currently majoring in Plumbing. Once I graduate, I'm looking forward to transferring to Cal State Fullerton to pursue a Bachelor's degree in Construction Management.

I was born and raised in South LA, and most of my time was spent playing soccer on the pitch and fishing at Cabrillo Beach with my godfather. Currently, I am a full-time student and work on the side as a Marine Mechanic.

During my term, I plan on enhancing our student life by organizing more interactive events, inviting influential speakers, and ensuring that everyone's voice is heard to make a difference on our campus. I aim to develop a stronger social network and learn from everyone what it means to be the "best version of yourself." Additionally, I intend to improve my management skills, which I can apply in the future when running my own businesses.
