Los Angeles Trade-Technical College

HYBRID & **ELECTRIC VEHICLE TECHNOLOGY**

The courses listed in this certificate compile a comprehensive list of job related skills needed to acquire hybrid and electric plug-in vehicle maintenance and repair technical skills. They cover basic, intermediate and advanced level training of these vehicles including the different configurations used in the automotive, transit and trucking industries. These skills will prepare an individual for entry level employment or career advancement in the maintenance and repair of hybrid vehicles in all sectors of the transportation industry.

the **Certificate of Achievement** may
be met by completing
12 units of Required
Courses with a "C" or
better in each course

Award	Required Courses	Major Electives	GE Graduation Plan
Certificate	14 units
